Handin Assignment Conversation

At the **bottom** of the **Handin** assignment, you will see a **Conversation** section. This is a place where you can have a private two-way conversation with your Educator, dedicated to that specific assignment. It's independent to the status of the submission or the assignment, and it can be accessed exclusively by both the Student and the Educator at any time.

Grades overview

If you'd like to see an overview of all grades you received, you can do it in 2 areas within Aula.

1. In **Journey > Assignments**, the grades will appear under each specific assignment.
